Osborn road normanhurst

Have you reported your complaint to the person/company operating or constructing the project?

No

Has the complaint been reported to any other government agency?

No

Please select a complaint type

Traffic management

Enter the details of your complaint below and/or upload an attachment

I object to Changing the traffic conditions in Osborn road . [REDACTED] I can never turn in or out of my driveway without the traffic moving every car blocks my driveway ...
Till a car or bus leaves the street also adding to the noise pollution. Neapan Avenue was closed over 35 years ago being the only artery out of the street . How will emergency vehicles manage to navigate due to the traffic change. Loreto normanhurst hosting sports events you cannot leave the street with the traffic conditions as they are ,Changing the system would be stupidity,Nobody cares for normal residents .We need that free flow left hand turn so we can arrive at our doctors appointment on time ,or arrive at work on time . The parents of the school don't let us out of our driveway they just want to catch the lights .
Please reconsider this Nightmare due to Loreto Normanhurst expanding .
