Dear Mr Stuckey

The exhibition of the development application and environmental impact statement (EIS) for the Junction Rivers Wind Farm (SSD-30448824) ended on 12 August 2024. The Department notes that advice from the Biodiversity, Conservation and Science Group, National Parks and Wildlife Service, Transport for NSW, Balranald Council, Department of Defence, and the Telco Authority are still outstanding and will be forwarded to you once received.

All submissions received by the Department during the exhibition can be viewed at:

<https://www.planningportal.nsw.gov.au/major-projects/projects/junction-rivers-wind-farm-formerly-burrawong-wind-farm>. Once you have had a chance to review the submissions, the Department would like to meet with you to discuss the issues raised.

You are requested to prepare a written response to issues raised in submissions, including the full range of matters and recommendations raised in the agency advice by **Thursday 12 December 2024**. If you cannot meet this deadline, please advise the Department via the NSW planning portal as soon as possible.

The written response must be in the form of a submissions report that has been prepared having regard to the *State Significant Development Guidelines including Appendix C - Preparing a Submissions Report*.

Please lodge your submissions report by progressing the application via the NSW Planning Portal <https://majorprojects.planningportal.nsw.gov.au/>.

Note that the time between the date of this letter and the date the Planning Secretary receives your response is not included in the 'assessment period' under section 94(1) of the *Environmental Planning and Assessment Regulation 2021*.
