

Re Minarah College

These are the reasons why I want Minarah College proposal at Catherine Field rejected.

Drop off and pick up of Children

- No foot paths
- Traffic all ready buisy
- Children safety
- Traffic need someone or something to direct
- Will a pedestrian crossing be needed
- Parking issues
- Drive way access
- Drive way access for neighbours and locals
- Concerns over issues with left and right turns would affect

Pg one

Deepfields rd Chissolm rd Catherine
field rd and Springfield rd which
are all in a bad state of repair

- Roads will deteriorate with a lot of use just from the school
- 98 % of students live out of area
- What benefits do locals get out of it
- we want to keep our Village rural
- Will transformers be on their own site
- High Voltage lines major concern
- 30 to 40 meters loss of property underneath high voltage lines
- Devalued property concerns
- Upgrade to local road is needed now
- Where is the money coming from, the multi millions of dollars needed when local roads our local roads are in a poor state now.
- parking for staff
- parking for busses
- parking for students
- Concerns for children safety with Sewage tanks under sports ground

Re mincran College

- Flood waters from school run off affecting road and neighbours
- Flooding drive ways
- Area of road already low lying and does flood and affects road, traffic, road constantly need repairs
- Parking for school associated meetings, groups and alike range from 1am to 10pm, 7 days a week
- Noise to neighbours, and not just in school hours and school days
- Maximum of 250 persons at school hall
- Maximum of 250 persons at prayer hall.

Who's going to monitor that

- Concerns for 1500 people plus or minus at main events, where are they going to park
- Concerns noise will be an issue
- Number of students for this village is still too many
- Catherine field has no school of our own.

Page three

- We are a small rural village and
we want it to stay that way

I want my personal details withheld

I have not made any political donations.

Re Minerah college

In view point of submissions
Many areas are not fair for
their residents who do not want
Minerah College in the small rural
Village of Catherine field as such

- There is alot of elderly residents
in Catherine field who do not know
who to use computers.
- Ingrid who, in accepting submissions
does not accept written submissions
very unfair.
- I feel there is many more than
just one obstacle placed in ~~our~~ way
such as our
- two weeks to lodge submissions
over which time
- Public holidays
- School holidays
- state government finished at government
- No councilor on board ?
- Minerah college has had 2 years
as our community has had only
2 weeks, we feel greatly disposition
dispositioned
