North West Rail Link EIS 2 application No. SSI - 5414

Dear Sir/Madam,

I wish to protest the proposed changes to the Northern line schedules. I use the train service from Cheltenham to the city regularly. It is fast, efficient and comfortable, and I have no trouble at all with the existing timetable, which is excellent. You are proposing that in future, I will have to board the train at Cheltenham, disembark at Epping, board a different train at Epping, disembark at Chatswood, board a different train at Chatswood, and thence to the city.

As a fairly elderly person with some knee trouble, I would find that the walking involved in all this changing back and forth would be greatly to my disadvantage. The additional irritation, and possibility of missing connections will undo all the good PR which has accrued to Sydney Rail over the past few years.

Please do not implement these changes! Leave things as they are.

Yours sincerely,

Dawn Nettheim
