RE: BRANDY HILL QUARRY EXPANSION (SSD 5899)

Dear Genevieve,

We refer to the above listed application on the Quarry property to the south and southwest of our property.

I support the application and look forward to the increased number of jobs in the area.

Our plans for a dwelling in the future will not be detrimentally effected by this development.

Biodiversity Offsets for any ecological impact ought to be achieved as part of the approval process.

If you have any queries regarding the above, please feel free to email me at rljland@idl.com.au in the first instance.

Yours Faithfully,
RLJ LAND PTY LTD
