RE MARTINS CREEK QUARRY EXPANSION -  
APPLICATION NO SSD -16 6612

DEAR SIR/MADAM,

I oppose the Martins Creek Quarry Expansion. The  
Daragan proposal is too large in its current form.

The ideal solution is to move most gravel by  
train - suggested site is adjacent to the new Avizor  
development on the Hexham flood plain, the trucks  
can move gravel in whatever direction.

The current number of trucks through the Paterson  
village is too excessive - empty trucks make more noise  
than full ones on Paterson's rough main roads particularly  
from 5.30 am to commence loading at 6am at the  
quarry.

Local Road has just finished being rebuilt after the April  
15 storm and the hammering of trucks on the foundations. On  
current truck usage its life is limited.

I have not made any reportable political donation.

Yours faithfully  
Colin Cairns
