I would like to lodge my formal support for Martins Creek Quarry Expansion – SSD 6612.

I work for Daracon group as a Stemming Truck Driver and the local stemming industry relies heavily on the availability of the aggregate available at Martins Creek Quarry.

The Quarry plays an important part within not just the Daracon group but also in the supply of materials to many projects within the Hunter Valley area and to numerous local businesses. It is for these reasons that I am in support of the expansion.

I have not made any reportable donations.

Regards,

Glenn Whyte
