

Re Marulan South Limestone Mine SSD-7009

I am writing concerning the proposal to drain Barbers Creek and Tallong Dam to supply water for the dam at Boral.

I am very upset at the lack of consultation. We didn't even know anything about it until this morning.

We need our water for irrigation and firefighting.

It is a beautiful place and full of wildlife and birds.

I strongly disagree with this proposal.

I have forwarded my partners email to you and agree completely with all of her objections.

Please don't let the mine take our water

Yours sincerely

Lee-Anne Dalton
