

Dear Sir,

I wish to register my disapproval of the planned WestConnex St Peters Interchange, on the following grounds:

1. The planned outlets will add tens of thousands of additional vehicles to already congested suburbs (St Peters, Alexandria, Newtown, etc) which are already at a standstill during peak periods.
2. The impact of additional traffic will have a detrimental impact on the surrounding residential suburbs as drivers endeavour to circumvent delays on major roads by diverting to local streets.
3. Air quality from the increased traffic will be significantly reduced due to increased emissions, especially due to the slowed traffic flow.
4. The overall cost is obscene and likely to continue to grow. A smaller amount would be better spent on improving public transport.

Yours Sincerely,
Geoffrey Searle
