Subject: Response to Submissions

Dear Mr Cook

The exhibition of the development application and environmental impact statement (EIS) for the Jindera Battery Energy Storage System (SSD- 68815961) ended on 17 September 2025.

The Department notes that advice from Transport for NSW, Conservation Programs Heritage and Regulation Group, NSW Rural Fire Service, Greater Hume Council and Transgrid is still outstanding and will be forwarded to you once received.

We have placed all submissions on the NSW planning portal:

<https://www.planningportal.nsw.gov.au/major-projects/projects/jindera-battery-energy-storage-system>.

Once you have had a chance to review the submissions, the Department would like to meet with you to discuss the issues raised. These include Aboriginal heritage and Crown lands.

We now require a written response to issues raised in the submissions, as required under section 59(2) of the *Environmental Planning and Assessment Regulation 2021* (the Regulations), and a response to the issues raised by agencies in their advice. The written response must be in the form of a submissions report that has been prepared having regard to the *State Significant Development Guidelines including Appendix C - Preparing a Submissions Report*.

We also require a response to the issues raised by agencies in their advice. This response should be incorporated into the submissions report.

Please lodge your submissions report by 30 October 2025 via the NSW Planning Portal HYPERLINK "<https://majorprojects.planningportal.nsw.gov.au/>" <https://majorprojects.planningportal.nsw.gov.au/>. Note that the time between the date of this letter and the date the Planning Secretary receives your response is not included in the 'assessment period' under section 94(1) of the Regulations.

If you have any questions, please contact Megan Ramsdale, on (02) 9407 2133 or via email at megan.ramsdale@planning.nsw.gov.au.
