**RE: ADDENDUM TO THE ABORIGINAL CULTURAL HERITAGE
ASSESSMENT REPORT: SSD-3846 MOD1: WEST CULBURRA,
NEW SOUTH WALES**

Dear Rebecca,

This letter outlines Austral's responses to feedback from Heritage NSW as part of the assessment of SSD 3846 MOD 1 – Culburra Rd, Culburra Beach, New South Wales (NSW). The comments raised by Heritage NSW, received on 4 December 2025, are supplied below, with Austral's responses:

What is the timing for the updated ACHA, including the updated AHIMS search? Is this included in the MOD package, or still to be completed?

A basic search of the Aboriginal Heritage Information Management System (AHIMS) on 4 November 2025 (Client Service ID 1062118) identified no new sites within 200 metres of the study area. A further review of the Aboriginal Cultural Heritage Assessment Report (ACHAR) did not identify a need to update the ACHAR further.

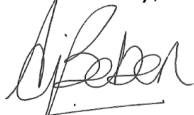

Can you provide email correspondence/confirmation of RAP consultation on ACHA that incorporates the MOD as requested by Heritage NSW

In line with the Aboriginal Cultural Heritage Consultation Requirements for Proponents (2010b), the proposed modification was provided as part of the ACHA for the Stage 4 stakeholder review. RAPs had 28 days to review the design included with the ACHA and provide feedback. Two separate review periods were run on 17 June 2024 and 25 November 2024. No feedback was received regarding the modified design.

Evidence for the provision of the Modification is provided in the ACHAR and its associated volumes, which have been uploaded with this addendum.

Please do not hesitate to contact me on 0490 190 290 if you wish to discuss any aspect of this submission.

Yours sincerely,

A handwritten signature in black ink, appearing to read "A. Beben".
