

Ms Carolyn Riley
Director, Environment Sustainability and Planning
Sydney Metro
Level 43, 680 George Street
Sydney New South Wales 2000
10/12/2020

Attn: Yvette Buchli

Dear Ms Riley

Sydney Metro - Western Sydney Airport (SSI-10051)
Response to Submissions

The exhibition of the Environmental Impact Statement (EIS) for the above proposal ended on 2 December 2020. All submissions received during the exhibition period are now available on the major projects website at <https://www.planningportal.nsw.gov.au/major-projects/project/35016>.

The Department requests that you provide a Response to Submissions that addresses the issues identified in the submissions from members of the public, interest groups and government agencies. The Department strongly encourages you to consult with these government agencies during the preparation of the Response to Submissions. The Response to Submissions must be received by 19 April 2021.

Should components of the proposal be amended to improve the design of the proposal, respond to issues raised in submissions or reduce the impacts of the project, Sydney Metro must outline these changes to the proposal in an Amendment Report with any amended SSI application. The Department may exhibit and seek public comments on the Amendment Report.

The Department also reminds Sydney Metro that the Department's assessment timeframes do not include the seeking of further information, re-exhibition (if required) and condition negotiation. It is the proponent's responsibility to accommodate these actions in its own timeframes and to ensure that requested documentation is of a standard to allow the Department to complete its assessment.

If you have any questions, please contact Daniel Gorgioski, on 9860 1538 or via email at daniel.gorgioski@planning.nsw.gov.au

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Glenn Snow', with a large loop at the end.
