PUBLIC NOTICE
Notice of a Gateway Application for the issue of a Gateway Certificate by the Mining and Petroleum Gateway Panel under Part 4AA, Division 4 of the State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007, prior to a Development Application to the Minister for Planning to carry out a development under Division 4.1, Part 4 of the Environmental Planning and Assessment Act, 1979.
A Gateway Application is being made to the Mining and Petroleum Gateway Panel by Maxwell Ventures (Management) Pty Ltd (ACN 002 028 257), a wholly owned subsidiary of Malabar Coal Limited, for the issue of a Gateway Certificate for the development of an underground coal mining operation, including on land that is biophysical strategic agricultural land, for a mine life of approximately 26 years (the Maxwell Project). Maxwell Ventures (Management) Pty Ltd will then make a Development Application to the Minister for Planning under Division 4.1, Part 4 of the Environmental Planning and Assessment Act, 1979.
Maxwell Ventures (Management) Pty Ltd gives notice of the Gateway Application for the issue of a Gateway Certificate by the Mining and Petroleum Gateway Panel, in accordance with Clause 17F(3)(b) of the State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007.
Application details
Proponent: Maxwell Ventures (Management) Pty Ltd
Level 26, 259 George Street
Sydney NSW 2000
Site Description: The Maxwell Project is located in the Upper Hunter Valley, to the east of Denman and south of Muswellbrook, within the local government areas of Muswellbrook and Singleton. The Maxwell Project would extract coal using longwall and bord-and-pillar mining methods within the Wittingham Coal Measures for a mine life of approximately 26 years. The Maxwell Project would include the development of a mine infrastructure area adjacent to the mine entry. Coal when mined would be transferred to existing coal preparation and train loading infrastructure for processing and dispatch to markets.
An Environmental Impact Statement will be prepared for the Maxwell Project in accordance with the environmental assessment requirements issued by the Secretary of the Department of Planning and Environment. The Environmental Impact Statement will be made publicly available through the Department of Planning and Environment.

A new playground area is the first priority of Brett and Lyndall Hejduk, who will take over the Denman Hotel on June 4. Former Sydneysiders, Brett and Lyndall have opted for a tree change to give themselves and their two children a less hectic and more fulfilling life.

Brett, after careers in car rental and pub management, always dreamed of owning his own business, a dream that has now come true. Lyndall, who has had a long career in childcare and administration, is looking forward to working behind the scenes as well as mastering the mysteries of bar work.

'We are so excited for this next chapter in our lives and we love calling Denman home,' Lyndall says. 'We are a sporting family, the kids are already involved in the local sporting teams. Our son Will plays for the Denman Devils U10s team and Brett is one of the team trainers, while our daughter Zoe plays netball for a Denman school team, swims and plays cricket.' The new playground will be coming later this month. We would like to thank Dean and Jen for all of their help in our transition, and the locals for such a warm welcome.

So come in and say hi and try one of the new Tuesday night specials at the Harvest Restaurant - *Chicken Schnitzel & Chips \$12.00 and Parmies \$15.00.*

Biggest Morning Tea Organisers- Glen, June, Clint, Eileen, Lorraine, Ann & Cindy

The Denman Senior Citizens held their Biggest Morning Tea at the Denman RSL Club last Wednesday. Congratulations to the seniors for a great morning and lovely array of cakes, slices and sandwiches.

Cancer Council of NSW representatives Glen Parsons, community programs co-ordinator, and Clint Ekert, community relations co-ordinator, attended and gave a very informative talk on what services are available through the Cancer Council. They also brought lots of goodies for the lucky door prize. It was a great morning of fun and laughter, much of it generated by Denman Public School Year 6 children, who performed a short sketch.

Pictured left: Our very own Denman & District Development Association President Jeanette Travers receives her award from Cancer Council representatives Glen and Clint, who surprised her at the Biggest Morning Tea to reward her for her tireless work in raising funds and awareness for the council. Jeanette has been attending Relay for Life for the last six years after losing two sisters, a brother-in-law and an aunt to cancer.

The Cancer Council is very close to her heart and she enjoys helping to raise funds for cancer research and patient support. This year the Denman Family and Friends team that she leads raised \$3,241 for the Cancer Council's Relay for Life event.

Jeanette and Doreen Ayre are committee members of Muswellbrook Upper Hunter Relay for Life and find great enjoyment and satisfaction in helping others wherever they can.

*Those special
memories of you
Will always bring a
smile,
If only I could have
you back
For just a little while,
Then we could sit and
talk again
Just like we used to
do,
You always meant so
very much
And always will do to,
The fact that you're

since you haven't been
with your family and
friends,
Mate, everyone has
missed that great
sense of humor and
that great bloke who
loved a good time.
Everyone remembers
you and misses you
very much.*

Love always Mum
(Patricia), Dad (Neil),
Adam, Vicki and the
rest of your family
and friends.

WARNING NOTICE
DEFENCE FIELD FIRING RANGES

Residents of areas adjacent to Singleton Training Area are warned it is a Defence Army Live Firing Range. Singleton Training Area is described generally as the area bounded to the south by Pokolbin State Forest, to the east by commercial vineyards and to the west by a combination of rural developments and open cut coal mines. The northern boundary is defined by the Golden Highway which separates the range area from the Singleton Military Area.

Firing practices using live ammunition are conducted continuously on this training area. Low power laser range finders are also used.

Death or serious injury may result from being struck by a projectile. Eye damage may occur when viewing laser beams from within the training area boundary.

Unexploded ammunition is extremely DANGEROUS and should NOT be handled, but should be reported immediately to the nearest Police Station or Army unit. No reward will be paid for the reporting of ammunition which may be located on the training area.

Persons found trespassing on Defence Training Areas will be prosecuted.

Enquiries regarding the Singleton Training Area should be directed to:

The Range Control Officer, Directorate of Operations and Training Area Management,
Range Control Centre, Range Road, Singleton Training Area, Singleton NSW 2331

PUBLIC NOTICE

Notice of a Gateway Application for the issue of a Gateway Certificate by the Mining and Petroleum Gateway Panel under Part 4AA, Division 4 of the State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007, prior to a Development Application to the Minister for Planning to carry out a development under Division 4.1, Part 4 of the Environmental Planning and Assessment Act, 1979.

A Gateway Application is being made to the Mining and Petroleum Gateway Panel by Maxwell Ventures (Management) Pty Ltd (ACN 002 028 257), a wholly owned subsidiary of Malabar Coal Limited, for the issue of a Gateway Certificate for the development of an underground coal mining operation, including on land that is biophysical strategic agricultural land, for a mine life of approximately 26 years (the Maxwell Project). Maxwell Ventures (Management) Pty Ltd will then make a Development Application to the Minister for Planning under Division 4.1, Part 4 of the *Environmental Planning and Assessment Act, 1979*.

Maxwell Ventures (Management) Pty Ltd gives notice of the Gateway Application for the issue of a Gateway Certificate by the Mining and Petroleum Gateway Panel, in accordance with Clause 17F(3)(b) of the *State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007*.

Application details

Proponent: Maxwell Ventures (Management) Pty Ltd
Level 26, 259 George Street
Sydney NSW 2000

Site Description: The Maxwell Project is located in the Upper Hunter Valley, to the east of Denman and south of Muswellbrook, within the local government areas of Muswellbrook and Singleton. The Maxwell Project would extract coal using longwall and bord-and-pillar mining methods within the Wittingham Coal Measures for a mine life of approximately 26 years. The Maxwell Project would include the development of a mine infrastructure area adjacent to the mine entry. Coal when mined would be transferred to existing coal preparation and train loading infrastructure for processing and dispatch to markets.

An Environmental Impact Statement will be prepared for the Maxwell Project in accordance with the environmental assessment requirements issued by the Secretary of the Department of Planning and Environment. The Environmental Impact Statement will be made publicly available through the Department of Planning and Environment.
