Dear Mr Cini

Moolarben Coal Complex - Stage 1 (MP05_0117)
Offset security

I refer to your letter dated 11 March 2022 requesting an extension of time to make an application to secure biodiversity credits associated with the Gilgal property, as required under the above development consent.

I understand that Moolarben Coal has encountered delays in undertaking and registering a boundary adjustment and is seeking an extension until 30 April 2022 to finalise these matters before making a Biodiversity Stewardship Application.

The Department acknowledges that Moolarben Coal has made substantial progress towards making an application to secure the required credits and encourages the company to continue the process as quickly as possible to fulfil its requirements under the development consent.

If you wish to discuss the matter further, please contact Gen Lucas on 9274 6489.

Yours sincerely

Stephen O'Donoghue
