Dear Sir

Reference 050129

18th Sept 2009

COASTAL ASSESSMENTS RECEIVED 28 SEP 2009 NSW Department of Planning

Submission by Roslyn Bennett of
Wallase Circuit North Boambee
(The Lakes Estate.)

In general I support the proposal
but as a resident of Stage One of
the Lakes Estate I have some serious
concerns.

My concerns relate to ENTRANCES.
Currently there is ONE entrance ONLY
to take all traffic from Residents,
the Retirement Village, Domain Aged Care
Hospital, workmen and their machinery,
the countless trucks and the general
public on sightseers.

I note from the proposal that 2
extra entrances are planned.

(a) Further west on North Boambee Rd
and

(b) Above Halls Rd to the North
We residents need these entrances
now please. We have had 5 years
of dust, trucks and general traffic.
These entrances therefore should be
compulsory before any approval or
extension is granted to Nouria
Pty Ltd. etc.

(c) alternatively the North Brambee entrance be a requisite to any extension of works. This will take work trucks, machinery and dust away from current residential areas i.e. Stage 1 & 2

In conclusion I ask you to consider this request favourably and I declare that I have not made any political donations in the previous 2 years.

Yours faithfully
ROSLYN BENNETT
R Bennett.
