Attention Director- Industry, Key Sites and Social Projects

Re Modification Request-Lake Estate Residential Subdivision  
North Boambee Valley: Application No. MP050129 MODI

We wish to object to the proposed modification to delete the requirement to provide a 3 metre wide corridor for a future pathway link to Halls Road.

Our reasons for this are as follows:

- 1) The corridor was included on the original site plans and was incremental to our decision making that as grandparents we could access a playground without having to use a vehicle.
- 2) This is the only walkway between the Lakes area and that of the Halls Road region.
- 3) If was deleted it would stop all the children from Halls Road area to go to the playground in the Lakes.
- 4) It would also stop school children wanting to walk to Bishop Druitt College in North Boambee Road.
- 5) Without a walk way it would be an approx 4 KM trip to the playground and the college.

We strongly urge you to reconsider the amendment to delete the pathway.

We declare that we have not made any political donations in the previous two years.

Yours faithfully

Barry & Eleanor Moon
