Ms Anthea Sargeant
Executive Director
Key Sites and Industry Assessments
Department of Planning and Environment
GPO Box 39
SYDNEY NSW 2001

Attn: Fiona Gibson

Dear Ms Sargeant,

RE: Response to Submissions – MP 05_0147 MOD 11 – Modification to Project Approval – Enfield Intermodal Logistics Centre

Thank you for your correspondence of 27 October 2016 requesting a response to submissions for Modification 11 to the Project Approval for the Enfield Intermodal Logistics Centre.

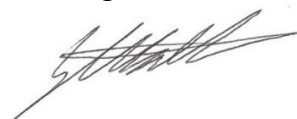

Submissions were received from Roads and Maritime Services (RMS), Transport for New South Wales (TfNSW), and Strathfield Council (Council). It is noted that RMS and TfNSW raised no objections to the proposed modification in their submissions.

Council's submission, dated 27 October 2016, confirmed that the impact of the additional warehouse is minimal, given there is no proposed change to the site throughput as outlined in the environmental assessment. Council did however raise concerns that they had not been provided with additional assessment information which related to Modification 10. NSW Ports submitted a Supplementary Response to Submissions Report to the Department of Planning and Environment on 30 November 2016 in relation to Modification 10.

There are no matters raised in submissions against Modification 11 that require further consideration or assessment.

If you have any questions regarding the above response, please do not hesitate to contact me on (02) 8814 5219 or at greg.walls@tfa.com.au.

Kind regards,

Greg Walls
