**Subject:** MOOREBANK RECYCLERS

---

Hi Emma

I have just purchased a block of land at Georges fair in Moorebank. My family and I were extremely excited to join a vibrant new community.

However it came to a COMPLETE SHOCK to us that the government was planning to approve to build a massive recycling plan in this complex of quite residential homes.

If you go ahead with this you will be destroying the dream of many young family's who have invested all that they have to raise their children in a nice new complex... the people who you say you "REPRESENT"!

Shame on you and all those involved in this! Have u even bothered to speak to read people who live there rather than sitting behind your lofty desk reading emails!?
