

1 December 2005

Director-General  
Department of Planning  
22-33 Bridge Street  
Sydney NSW 2000

Attention Mr Neville Osborne

Dear Mr Osborne

**Subject Application for Approval (Section 75E) – Vineyard to Rouse Hill  
Electricity Upgrade**

I refer to the above project and recent discussions with the you, Ms Newman, Mr G Marshall of Parsons Brinckerhoff (PB) and myself concerning the transition of this project from Division 4, Part 5 to Part 3A of the Environment Planning & Assessment Act (EP&A Act).

I can confirm the receipt of correspondence from the Department that the Director-General's requirements issued originally under Division 4, Part 5 of the Act have been adopted in accordance with Clause 8J of the EP&A Amendment (Infrastructure and Other Planning Reform) Regulation 2005 and the adequacy of the Environment Assessment under Section 75H(3) of the Act.

In accordance with your advice I formally submit a request for approval of the project in accordance with Section 75E of the Act.

In this regard please regard this letter as an Application for Approval of the Minister for Planning to carry out the above project in accordance with Clause 75E of the EP&A Amendment (Infrastructure and Other Planning Reform) Act 2005.

I can also confirm that in accordance with a previous request from the Department, Integral Energy will be undertaking the exhibition of the Environmental Assessment commencing 7 November for a period of six weeks.

Yours Faithfully

Robert Moore  
Manager Asset Management Services.
