Reference: A. Dept of Planning Letter of 9 May 06, request for Submissions Report re Proposed Capital Wind Farm (PA No. 05_0179).

Dear Sir,

As requested in Ref A, the following is Renewable Power Ventures (RPV) Preferred Project Report for Capital Wind Farm. The proponent wishes to change the scope of the project and the Statement of Commitments as detailed in the Environmental Assessment as follows:

- a. RPV will not use wetting agents during construction.
- b. RPV will purchase the Taylors Creek Rural Fire Service a Cat 7 Fire Tender prior to construction commencing on site.
- c. RPV will undertake to seal the Western Leg Road / Taylors Creek Road intersection to a distance of 100m south, 200m north and 100m west of the intersection, prior to construction commencing on site.
- d. RPV will ensure that the Cultural Heritage Management Sub Plan of the Construction Environmental Management Plan will include detail of the requirement for all staff to undertake site induction / training on compliance and recommended procedures for the protection of Aboriginal objects.
- e. RPV withdraws commitments relating to the conduct of S87 works.

Yours sincerely,

David Griffin

CEO
