Dear Sir

Re: MANGOOLA MINE RATE INCREASE - APPLICATION No.06-0014.

I am a Land Holder that adjoins the Mangoola Coal Mine.

I have concerns with the proposed increase in extraction rate.

At present my property is already impacted by dust, noise and other disruptive activities from the existing production process rate.

As I fall within the existing E.L.zone I would like to be advised of any inquiries or outcomes that may impact on my current situation.

Yours faithfully

James Alan Fairweather
