Mangoola Mine - Modification 6 - Extraction Rate Increase

Objects to this project

We act for Lindisfarne Pty Ltd and the occupiers of the land located at 714 Roxburgh Muswellbrook known as "Lindisfarne",

The Company was incorporated on 16 June 1972 to purchase land at 714 Roxburgh Road Muswellbrook known as "Lindisfarne".

The original shareholders of Lindisfarne Pty Ltd were

In recent years our client shareholders have witnessed and experienced the growth and development of coal mines upon their doorstep.

You will appreciate that when "Lindisfarne" was purchased it was part of a quiet rural community unaffected by coal mining.

Our shareholder clients are concerned that the proposed Modification will further impact upon "Lindisfarne" and their lifestyle.

In particular our client is most concerned about the following:

- 1 A deterioration of air quality due to an increase in dust levels.
- 2 An increase in noise and in particular the noise emanating from increased rail movements along the railway line bisecting our client's land.
- 3 An increase in noise and in particular the noise emanating from the coal handling plant due to increased production.
- 4 Increased vibration resulting from the increased production and the increase in rail movements.
- 5 The impact that the increase in mining activity and rail movements will have upon the value of "Lindisfarne" should shareholders wish to cause Lindisfarne Pty Ltd to sell the
