Regards Modification 6 application: Mangoola Coal Mine

We wish to make a submission of objection to the above modification on the following grounds.

Increase in the levels of impacts from the list below;

- Noise
- Dust
- Vibration
- Water Quality: surface, aquifer and potable supply to household.
- Health
- Changes to Salt levels on floodplains of the Hunter Catchment
- Traffic
- Wybong Rd maintenance
- Overburden placement and proponents need to stabilise and rehabilitate much quicker.
- Greater burden on the community from increase need for local services, e.g. medical, schools, local infrastructure etc
- Market competition for labour and wages

Yours sincerely

K Campbell
