Attention: Ms Lauren Evans

Dear Ms Evans,

Mangoola Coal Project MP 06_0014 (MOD 7)

I refer to your email to the Environment Protection Authority (EPA), dated 29 June 2016, seeking comments from the EPA in relation to the proposed modification application for the Mangoola Coal Project, application reference MP06_0014 Mod 7.

The EPA understands this application is seeking to remove condition 3 of Schedule 3 of development consent MP 06_0014. This condition relates to traffic noise impact assessment criteria.

The Mangoola coal mine is licensed by the EPA under Environment Protection Licence 12894. As the proposed modification does not affect any current licence conditions associated with EPL 12894, and is generally administrative in nature, the EPA does not have any comments or submissions to make on this application.

If you require any further information regarding this matter please contact me on 4908 6819.

Yours sincerely

1 July 2016
