Dear Simon,

I am writing to you in our capacity as a small business owner within the Coleambally and Jerilderie areas.

My daughter and I wish to express our full support for the proposed Four Arrows Ethanol and Dairy Project.

We believe that if the project is approved and completed, that it would be of tremendous advantage to our community and that it would secure the future prospects of our unique community.

From a business point of view we can only see positive outcomes stemming from such a large scale project and eagerly look forward to its establishment.

If there is anything we can do as small business owners in the community to assist in expediting this project please contact us.

Yours faithfully,

Dear Sir,

**Re; Four Arrows P/L - Development of Ethanol and Dairy Facilities.**

I am writing to register my support of the Four Arrows Development proposal for the construction and operation of an ethanol plant and production dairy in our community.

I believe these projects will have many benefits to our area, including such things as employment opportunities. The development has the capacity to provide increased business for our local businesses, which should enhance their long term viability. Hopefully an increase in our population will then flow on to enhance our community services.

From a business point of view we can only see positive outcomes stemming from such a large scale project and eagerly look forward to its establishment.

I hope the development will commit to our local area and businesses. If they are prepared to do this we will fully support the proposal.

Yours faithfully,

Dear Sir

**Re: Four Arrows Pty Ltd – Development of Ethanol and Dairy facilities**

I am writing to register the support of Coleambally Irrigation Mutual Co-operative Limited (CIMCL) for the Four Arrows development proposal for the construction and operation of an ethanol plant and production dairy in the Coleambally Irrigation Area.

CIMCL's primary activity is the long term maintenance and replacement of the irrigation infrastructure which is used by Coleambally Irrigation to distribute water to the irrigation farming community.

CIMCL and CACL both support the same member/customer base and the success of the businesses is reliant on the success of those member/customers. The Four Arrows proposal will contribute substantially to increase the value of production opportunities for those members in producing inputs (i.e. grain, fodder etc) for the two projects.

The Four Arrows projects will see an increase in employment opportunities for those living in the Coleambally and surrounding rural communities. There will be increased employment opportunities for a wide range of professional and non-professional people both in the construction and operational stages of both the ethanol plant and the dairy complex. These two projects will go a long way in providing employment opportunities for our younger generation of local people after completing their tertiary education.

The increased employment opportunities will underpin future investment in the provision of both retail and social services. Existing businesses have suffered a down turn in productivity during the last four years of drought. The development of the two Four Arrows projects will give the community confidence to continue to invest in their own businesses and indeed take up opportunity to develop new business prospects.

CIMCL commends the Four Arrows group for their support in developing in our rural community.

Yours sincerely

Dear Simon,

As a relative newcomer to Coleambally I was very interested to learn the details of the proposed ethanol plant and dairy being considered by Four Arrows.

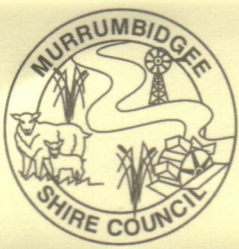

Not only will the development provide benefits to Coleambally and the area with employment and commercial opportunities but the production of ethanol will also have an economic and environmental benefit which will extend beyond our area.

Four Arrows is to be commended for their initiative and I sincerely hope that there will be no obstacles to impede the project.

Yours sincerely,

Ken Martin.

Dear Mr. Booth,

Thank you for your presentation to Council, at the April meeting, on the proposed ethanol plant and dairy to be constructed on the Kidman Way between Darlington Point and Coleambally.

There is no doubt that such a development will have significant economic and social benefits for the Shire. The additional avenue for sale of grain will provide local farmers with another option when determining plantings and a buffer against falling grain prices.

The additional jobs will more than likely result in an increase in the populations of both towns with resulting social and economic benefits.

Council is very supportive of the project and will provide assistance to the developer, where practical, to ensure that the plant and dairy are constructed in Murrumbidgee Shire.

Yours faithfully,

  
PJ Goodsall  
General Manager

Dear Sir,

Re: Four Arrows Pty Ltd Ethanol and Dairy facilities

I would like to convey our support for the proposed ethanol and dairy projects in Coleambally. We operate a farm business and have a young family and believe the proposed projects will help secure the future of the town and surrounding area. The flow on effects will benefit the schools and all businesses within the community and contribute to the sustainability of family farm businesses.

Bring it on!

Yours Faithfully

Dear Sir

Re: Four Arrows P/L – Ethanol and Dairy Facilities.

We are writing to register our support for the Four Arrows development proposal to construct and operate an ethanol plant and production dairy in our rural community.

These projects will see an increase in employment opportunities for those living in the Coleambally community. Additionally these two projects will go a long way in providing opportunities for our future generations giving them good reasons to stay in the community.

The development will also provide stability for the existing retail businesses and community services and provide the confidence necessary for new investors to be attracted to our area further helping the security of our Town.

I congratulate the developers for their foresight and commitment to our small rural community.

Yours Faithfully,

John Byrne

Re: Four Arrows Pty Ltd, Ethanol and Dairy Plant Projects

Dear Mr Lee,

As a small business in the town of Coleambally, The Observer Newspaper offers its full support of the Four Arrows Ethanol and Dairy Plant projects proposed for the area.

As a part of the Riverina Media Group and media industry, and working alongside the Group's major daily newspapers, The Observer's vision of growth and prosperity could well be realised should the Four Arrows proposal go ahead.

We see this project a major coup for the town and support it's development wholeheartedly – Four Arrows Rural Management and project developers are to be congratulated for their foresight and commitment to the project.

It is generally felt within the small business sector of Coleambally that the Ethanol and Dairy Plant projects' would be of enormous benefit to the community offering not only employment opportunities for its locals, but also bringing new residents to the area, providing stability as a community and confidence necessary to attract new investors.

Sincerely  
Jane McMillan  
Manager.
