Subject: Air Quality Management Plan

Dear Mr Brown,

I refer to the Air Quality Management Plan (revision 9) submitted in accordance with the relevant conditions of consent for the Marulan South Hard Rock Quarry (MP06_0074).

I note the Air Quality Management Plan has been reviewed by applicant and no issues have been raised with the Department.

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the relevant conditions in consent (MP06_0074). Accordingly, as nominee of the Planning Secretary, I approve the Air Quality Management Plan (revision 9, June 2024).

For future versions of the Plan, please:

- update section 5 to reflect the approved modifications;
- update Tables 4 and 5 to include data from 2019-present, and update footnote 3 to Table 4;
- update section 6 on whether a portable real-time PM_{2.5} monitor has been obtained;
- combine air quality monitoring location Figures 2 and 4, including all locations in Table 10;
- incorporate section 6.3 - Modified Monitoring Network into the main text of the management plan; and
- update reference to the current *Protection of the Environment Operations (General) Regulation (2022)*.

You are reminded that if there are any inconsistencies between the Plan and the conditions of consent, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Emily Pemberton on 02 8275 1783.

Yours sincerely
