Dear Bianca,

Fire & Rescue NSW acknowledges the receipt of your email dated Monday the 28<sup>th</sup> of September 2018 regarding the Notification of Exhibition of Genesis Waste Management Facility (MP 06\_0139 MOD 6) and as per your request for comment please see the recommendations below:

- FRNSW will not be providing comment for the activities contained within modification no.6, as the recommendations contained within the letter (D18/72969) provided to the Department of Planning & Environment dated the 25<sup>th</sup> of October 2018 adequately address the modifications of no.7 and provide suggested recommendations for the whole of site: "While there is currently no requirement for a FSS, FRNSW may request one be undertaken at a later stage should information be provided such that it is deemed that the development poses unique challenges to the response to and management of an incident".

If you have any queries regarding this please do not hesitate to contact me.

Regards

**Michelle Trajkovski**
