Proposed “Loop” Track

Proposed "Loop" Track, Picnic Point, Wonboyn Lake

The following plan has been prepared and presented for consideration by the NSW Rural Fire Service, to confirm the details of a "loop" track for the evacuation of residents in the event of a fire. The track is to extend from the new road into the subdivision, where it will be constructed as a 2wd formation, heading west to the existing power lines, then south along the existing trail (to be upgraded) to the existing junction with Ivor Jones Drive.
