A subsidiary of Cyclopharm Limited

We advise that the proponent requests modification of the existing approval (MP 06-0172) under Section 75W of the EPA Act.

The changes proposed are

- an increase in the floor area of the Radiopharmaceutical Laboratory on Basement level B2. The increase is from 420m² to 470m².
- the installation of a goods hoist between levels B1 and B2
- internal fit out of the Radiopharmacy area

Attached are the following documents –

- Three sets of plans at A3 size
- CD in pdf format containing plans and submission
- Cheque for \$2,328.70

The proposed changes to the building are necessary improvements to provide gas cylinder storage to enable the Radiopharmaceutical Laboratory to operate. If you have any queries please contact the undersigned on 02 9541 0411.

Regards,

Peter Wynne
