### Description of project

Remediation of the site including the placement of hazardous waste into a containment cell.

---

### Description of proposed modification

The proposed modification seeks to remove and amend a series of existing project approval conditions to:

- remove the timing for the application of a covenant to the containment cell on the site
  - amend the framework for funding the cost of ongoing maintenance of the containment cell
  - reduce future groundwater, surface water, air quality and noise monitoring and environmental management and reporting requirements
  - remove the requirement to maintain up to date information on the project's website.
-
