Dear Mr Sargent,

The Environment Protection Authority (“EPA”) refers to your letter received on 7 October 2014 regarding the proposed modification of Major Project 06_0210 MOD 7 for the Dry Boat Store and Marine Facility located at James Craig Road, Rozelle Bay.

This modification seeks to amend the design of the marina to include an additional 13 berths without increasing the overall maximum storage approved for the site for up to 670 boats.

The premises currently holds Environment Protection Licence 12781 and this modification would not require any changes to the current scheduled activities being undertaken.

Accordingly, the EPA has no additional comments regarding this modification to those previously provided as part of the approval and modification processes.

Should you wish to discuss any of the above information please contact Laura Wythes on 9995 6858 (Monday to Wednesday).

Yours sincerely
