Subject: Shoalhaven Starches Expansion Project – MOD 23 Design Noise Verification

Dear Mr Studdert

I refer to your submission of the Design Noise Verification seeking approval from the Planning Secretary in accordance with Condition 14M of Schedule 3 of the consent for the Shoalhaven Starches Expansion Project (MP06_0228) for the works approved under Modification 23 (MOD 23).

The Department has carefully reviewed the document and is satisfied that it meets the requirements of Condition 14M of Schedule 3 of MP06_0228 as it demonstrates the noise levels of the cogeneration plant meet the design noise goals. The Department also acknowledges that ongoing works is being undertaken through a Pollution Reduction Program (PRP) through the sites existing Environment Protection Licence (EPL) to address existing site noise exceedances.

Accordingly, as nominee of the Planning Secretary, I approve the Design Noise Verification prepared by Day Design Pty Ltd, dated 12 February 2024.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact me on (02) 8275 1345 or shaun.williams@planning.nsw.gov.au.

Yours sincerely

Shaun Williams
Principal Planning Officer
