Subject: Acid Sulfate Soil Management Plan for Shoalhaven Starches Expansion Project Mod 21 & 23 (Condition 21, Schedule 3 of 06_0228)

Dear Mr Studdert

I refer to your submission dated 3 January 2023, requesting approval of the updated Acid Sulfate Soil Management Plan (ASSMP) (Rev 1.0.C, dated 30/12/2022) as required subsequent to the approval of a modification application in accordance with Condition 5A of Schedule 4 of the approval (06_0228).

The Department has carefully reviewed the document and is satisfied that it meets the requirements of Condition 21, Schedule 3 of 06_0228 and provides sufficient measures to manage and mitigate acid sulfate soils during construction, including those associated with the latest modifications (MOD 21 and MOD 23). Accordingly, as nominee of the Planning Secretary, I approve the ASSMP (Rev 1.0.C, dated 30/12/2022).

You are reminded that if there are any inconsistencies between the Plan and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Shaun Williams on (02) 8275 1345 or shaun.williams@planning.nsw.gov.au.

Yours sincerely

Joanna Bakopanos
