Attention: Lauren Evans,

GOLDEN HIGHWAY (B84): MAJOR PROJECT NO. MP 06_0261, HUNTER VALLEY
OPERATIONS SOUTH MINE, WARKWORTH

Reference is made to Department of Planning and Environment's email dated 8 February 2017, regarding the abovementioned application which was referred to Roads and Maritime Services (Roads and Maritime) for comment.

Roads and Maritime understands the development to be for the increased extraction of coal from deeper coal seams from 16Mtpa to 20Mtpa during peak production. It is understood that no increase in vehicle movements are expected from the proposed development as coal is processed on-site and transferred via the internal rail network.

Roads and Maritime has reviewed the information provided, including the Main Report and Appendices, prepared by EMM and dated February 2017, and raises no objection to or requirements for the proposed development as it is considered there will be no significant impact on the nearby classified (State) road network.

On DPE determination of this matter, please forward a copy of the Notice of Determination to Roads and Maritime for record and / or action purposes. Should you require further information please contact Hunter Land Use on 4908 7688 or by email at development.hunter@rms.nsw.gov.au.

Yours sincerely

A handwritten signature in black ink, appearing to be 'Peter Marler'.
