Attention: Acting Director

**Re: Submission on Major Project 06_0273(MOD 1) : Modification to
construct two commercial building, site 4B Sydney Olympic Park**

We would like to make the following comments on the submission;

1. At a high level review we acknowledge that the revised modification appears to fall within the guidelines set out by the SOP Master Plan 2030.
2. We would like to note that as the neighbouring land holder on both sides of the property we have not been consulted on the changes. We have found this disappointing as we were not able to understand the modifications in the detail a presentation would provide to us.
3. Further to the above point we are aware that this change has been classified as a modification. We would like to understand the guidelines that constitute a modification given that this development has now been reconfigured from one building to two.

We look forward to hearing back.

Yours sincerely

Victor Georos
Head of Industrial & Business Parks
