Dear Sir/Madam,

I wish to register my support for the construction of the Gas Pipeline submission.

I believe the delivery of Gas into Muswellbrook and Upper Hunter will

- * Assist in diversifying the area's economy;
- * Provide alternative energy to coal;
- * Result is some (?) reduction in Green House gas emissions:

However, the development of the Pipeline and post-construction delivery systems must ensure the most stringent environmental management processes are implemented and maintained at all time.

Yours faithfully,

Kevin Doherty
