Dear Mr Aiken

### **Mannering Colliery Modification 3 (MP06\_0311) Response to Submission**

I refer to your email dated 1 October 2015 advising that the Response to Submissions document for Mannering Colliery Modification 3 is now available.

NSW Department of Industry, Skills and Regional Development, Division of Resources & Energy (DRE) has reviewed the *Mannering Colliery – Modification 3 Response to Submissions Section 75W Modification to MP06\_0311* dated September 2015.

DRE notes the comments of the proponent, but maintains the recommended conditions of approval as stated in our letter dated 6 August 2015 (reference OUT15/20282) are standard conditions for all new and existing modifications for mining activities to bring them into line with contemporary mining regulation requirements.

Should you have any enquires regarding this matter please contact Peta Johannessen, Project Officer, Industry Coordination, on (02) 4931 6613.

Yours sincerely
