**Subject: Wallerawang Power Station Ash Dam - Construction Noise Management Plan**

Dear Mr Pola

I refer to your submission, requesting approval of the Construction Noise Management Plan (Rev 04, dated 31/3/26). I also acknowledge your response to the Department's review comments and request for additional information.

I note the Construction Noise Management Plan has been prepared in consultation with the Environment Protection Authority, has been endorsed by the ER and contains the information required by the conditions of approval.

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the relevant conditions in Project Approval MP07\_0005. (Mod 2). Accordingly, as nominee of the Planning Secretary, I conditionally approve the Construction Noise Management Plan (Rev 04, dated 31/3/26).

The plan should be reviewed and updated if required:

- following the finalisation of the Rehabilitation Plan for the realignment of Sawyers Swamp Creek;
- following the approval of the modification for proposed future works; and/or
- as required by the project approval.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Keren Halliday on (02) 8289 6444.

Yours sincerely

**Stephen O'Donoghue**  
**Director**  
**Resource Assessments**  
As nominee of the Planning Secretary
