Classification

Comment

Notes:

Council appreciates the opportunity to review the associated documentation and trusts that these comments will be considered in the assessment of the proposed modification for the Wilga Park Power Station.

It is Council's recommendation that this modified proposal be referred to the DPIE's Trade Waste Regulation team for comments. Specifically as to the standards required of the facility and how waste is to be removed and disposed of offsite.

Further, Council expects that the assessment of the modification for the Wilga Park Power Station will be carried out pursuant to all applicable legislative requirements.
