Dear Mr Gain,

Expansion of the Enviroking Waste Management Facility, Black Hill, Cessnock Local Government Area.

I refer to your letter dated 6 August 2007 in which you informed the Department of changes to the above proposed development application and your request for the Director-General's requirements for the Environmental Assessment (EA) to be reviewed accordingly.

The Department has reviewed the proposed changes (essentially to increase plant capacity from 15,000 to 20,000 tonnes per annum) and have determined that the existing Director-General's requirements for the EA are adequate.

Should you have any enquiries, please contact Kerry Hamann on 9228 6415.

Yours sincerely

C. Ritchie 13/9/07.
