Dear Mr Neville

Re Project Modification MP 07_0069 MOD1

I refer to your letter dated 3 September 2018 to the Environment Protection Authority (EPA) seeking our comments on the Environmental Assessment for the proposed modification to allow an increase in truck movements between 1500hrs and 1700hrs at the Wagga Wagga Quarry, located on Roach Road Wagga Wagga.

The EPA has responsibilities for pollution control and environmental management for scheduled activities under the *Protection of the Environment Operations Act 1997*. Hanson Construction Materials Pty Ltd hold Environment Protection Licence No 2433 for extractive activities at the Wagga Wagga Quarry.

Based on the information provided the proposed changes will not require a variation of the licence and the potential environmental impacts appear to have been adequately addressed in the environmental assessment. Consequently, the EPA has no objection to the proposal.

If you have any further enquiries about this matter please contact me by telephoning 02 6969 0700 or by electronic mail at riverina.farwest@epa.nsw.gov.au.

Yours sincerely
