Department of Planning and Environment
Locked Bag 5022
Parramatta, NSW, 2124

Attention: Stephen O'Donoghue (Director Resource Assessments)

Dear Stephen,

PROJECT APPROVAL 07_0084 – OPERATIONAL TRAFFIC MANAGEMENT PLAN

In accordance with Condition 4.10 of Project Approval (PA) 07_0084, Eraring Power Station (EPS) is writing to the Planning Secretary to request endorsement of AECOM Australia Pty Ltd (AECOM) as suitably qualified and experienced person/s to prepare the Operational Traffic Management Plan (OTMP).

AECOM has been involved in the recent PA 07_0084 Modification 2 Environmental Assessment and are well positioned to coordinate the OTMP through relevant experiences and understanding of the project. AECOM have proposed the following team for the coordination and preparation of the OTMP:

Neil Standen – Team Leader

Neil will coordinate the project on behalf of AECOM. Neil is the Team Leader of AECOM's Impact Assessment and Permitting Team in the Hunter and has recent and ongoing experience on the Ash Recycling Modification.

Cye Buckland – Principal Technical Officer

Cye is the Principal Technical Officer in AECOM's Compliance Services team and is the project manager for the existing environmental services contract with EPS.

Alison O'Neill – Senior Environmental Scientist

Alison will prepare the OTMP and has a wealth of experience working with EPS including preparing the environmental report for the Ash Recycling Modification, as well as other environmental management plans for the site. Alison has 14 years' experience in environmental impact assessment, reporting and environmental compliance auditing. She has been involved in the preparation of environmental planning documents for a range of infrastructure, industrial, manufacturing, mining and transport clients.

Cameron Ward – Associate Director / NSW & ACT Transport Engineering Lead

Cameron will be the lead verifier for the OTMP. Cameron provides a key technical and project management role within AECOM's Transport Advisory Group and leads the NSW traffic engineering team. Cameron has 13 years' experience in traffic and transport planning/engineering.. Cameron has extensive experience in undertaking transport impact assessments, road safety, on-site/construction traffic management plans, road / intersection design, car park design and public domain design and regularly provides input into large transport projects within NSW.

Should you require any further details regarding this endorsement, please contact Mikayla Henderson (Senior Environment and Community Business Partner) on 0460 032 343.

Kind regards
