Dear Jack,

Thank you for the opportunity to review the Response to Submissions for the Bloomfield Colliery Life of Mine Extension.

The proposal was for an extension of 9 years to the life of mine, and moving the previously approved final void 200m to the west, with no changes to the already approved project boundary, mining methods or annual production rate.

Hunter New England Population Health has reviewed the Response to Submissions for Bloomfield Colliery, along with our submission to the original EA. We are satisfied that our concerns have been addressed and have no further comments.

Regards,  
Carolyn

**Subject:** Bloomfield Colliery Life of Mine Extension - Modification 4 (MP 07\_0087 MOD 4)

Good Morning,

**Bloomfield Colliery Life of Mine Extension - Modification 4 (MP 07\_0087 MOD 4)**

Bloomfield Collieries Pty Limited has submitted a modification application for the Bloomfield Colliery Life of Mine Extension, known as the Bloomfield Colliery, in the Cessnock and Maitland local government areas.

The modification application involves:

- Extension of existing open cut mining operations for an additional nine years until 31 December 2030;
- Continuation of mining within approved extraction areas at existing production limits of up to 1.3 million tonnes per annum of run-of-mine coal; and
- Modification of the previously approved final landform, including moving the final void approximately 200 metres to the west.

The Environmental Assessment (EA) may be accessed from the Department's website using the link below:

[http://www.majorprojects.planning.nsw.gov.au/index.pl?action=view\\_job&job\\_id=9048](http://www.majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=9048)

This proposal will be placed on public exhibition from **Friday 2 February 2018** to **Friday 2 March 2018**.

You are invited to comment on the proposed modification by close of business on **Friday 2 March 2018**.

You are also invited to include advice on recommended conditions of consent by the above date. However, if significant concerns are raised in your submission, we will consult further following the Response to Submissions (RTS).

A copy of the Departments exhibition notice is attached for your information.

For any further queries, please do not hesitate to contact me on the details below.

Kind Regards

**Jack Murphy**
