Please do not give these companys the right to destroy our land and water. These things are irreplaceable once damaged & they are things that humans can not survive without. What could possibly be more important than protecting the land that grows our food & the water we drink not to mention the beautiful environment that we all enjoy. Money, politics or any other reason can not be more important. If this is approved the person approving it should be publicly named so they can be shamed. I dont know how the people wanting & approving this project sleep at night. PLESAE DO NOT APPROVE THIS. WHAT DOES THE GOVERNMENT OWE THESE MINING COMPANYS. NOTHING IS MORE IMPORTANT THAN PROTE CTING OUR LAND & WATER!!!
