Address:
8 Stanbrook Ave

Mount Ousley, NSW
2519

Content:

I find it obscene that CSG exploration, and by extension, drilling, can be considered within drinking water catchment areas. Any such exploration or mining in sensitive areas had better have strong, unquestionable scientific evidence of the safety of CSG practices before even being considered. Clearly that is not the case today, and it is entirely inappropriate to approve the extension in this proposal.
