 17 Gray St

Woonona, NSW
 2517

Content:
 Please reject the Apex application. This exploration endangers both the water catchment and valuable farmland and orchards.

I am in despair over the failure of government to protect us.

Please think of the public interest. There is no reason to allow this application. It is within the power of government to refuse it, and it should be refused. We elect governments to represent all citizens not just business, and in this case the public interest outweighs the private.
