

List of Tables

■ Table 1-1: Project milestones	4
■ Table 6-1: Summary of land use impacts of the Proposal	38
■ Table 6-2: Assessment of night time noise impacts without mitigation	45
■ Table 6-3: Total area of endangered ecological communities potentially affected by Proposal	47
■ Table 6-4: Hydraulic structures required (Nambucca River)	53
■ Table 6-5: Hydraulic structures required (Kalang River)	53
■ Table 6-6: Investigations, assessment and management measures	56
■ Table 6-7: Key issues for environmental assessment	74
■ Table 6-8: Other issues for further environmental investigations	76

List of Figures

■ Figure 1-1: Proposed Warrell Creek to Urunga Upgrade	3
■ Figure 2-1: Typical Cross-Section of the Upgraded Highway	14
■ Figure 3-1: Planning constraints to the development of the Project	16
■ Figure 3-2: Ecological constraints to the development of the Project	17
■ Figure 3-3: Route options for Macksville to Urunga section	24
■ Figure 3-4: Short listed route options from Review of the Warrell Creek Upgrade	27
■ Figure 4-1: Preliminary design Warrell Creek to Urunga Upgrade. Donnellyville to Nambucca River	31
■ Figure 4-2: Preliminary design Warrell Creek to Urunga Upgrade. Nambucca River to North Coast Railway Line west of Nambucca Heads	32
■ Figure 4-3: Preliminary design Warrell Creek to Urunga Upgrade. North Coast Railway Line west of Nambucca Heads to Mines Road south of Urunga	33
■ Figure 4-4: Preliminary design Warrell Creek to Urunga Upgrade. Mines Road south of Urunga to Raleigh deviation	34
■ Figure 6-1: Land use constraints. Warrell Creek to Nambucca River	39
■ Figure 6-2: Land use constraints. Nambucca River to North Coast Railway Line west of Nambucca Heads	40
■ Figure 6-3: Land use constraints. North Coast Railway Line west of Nambucca Heads to Mines Road south of Urunga	41
■ Figure 6-4: Land use constraints. Mines Road south of Urunga to Raleigh deviation	42
