Subject: Extension Request for Water Management Plan

Dear Ms Hateley

I refer to your request for an extension of time under condition 27 of Schedule 3 requesting an extension until 31 March 2026 to submit a revised Water Management Plan for the Invincible Colliery.

I understand that the EPA has granted you an extension until 26 February 2026 to provide the results of water studies as part of Pollution Reduction Programs, and an extension until 31 March 2026 to provide the site Water Management Plan.

The Department notes that Water Management Plan will be informed by the results of the water studies required by the Pollution Reduction Programs. Accordingly, the Secretary has granted an extension of time to submit the Water Management Plan until 31 March 2026.

If you wish to discuss the matter further, please contact Melanie Hollis on 8217 2043

Yours sincerely
