Subject: Approval of the Updated Construction Environmental Management Plan for ROBE Integrated Oilseed Processing Plant

Dear Mr Cox

I refer to the Updated Construction Environmental Management Plan (CEMP) for the Riverina Oils and Bio Energy (ROBE) Integrated Oilseed Processing Facility, submitted on the Major Projects Planning Portal for approval in accordance with condition 60d of Schedule 4 of the consent (MP07_0146, as modified).

The Department of Planning, Housing and Infrastructure (Department) has reviewed the Updated CEMP and concludes the plan addresses the relevant condition. As such, the following plan is approved:

- Riverina Oils and Integrated Oilseed Plant Construction Environmental Management Plan, prepared by SKM, Updated by ROBE, Revision 4, dated 18 October 2024.

It is noted the Updated CEMP could benefit from some minor amendments to improve the overall presentation of the document. ROBE are requested to ensure any future updates of the CEMP address this.

You are reminded that if there are any inconsistencies between the approved plans and the conditions of consent, the conditions prevail.

Please ensure you make the approved documents publicly available on the project website at the earliest convenience.

Should you have any further enquiries, please contact Sally Munk, Principal Planner, Industry Assessments, at the Department on 9274 6431 or via email at sally.munk@planning.nsw.gov.au.

Yours sincerely

Catriona Shirley
A/Team Leader
