Dear Ms Hirst

Notice of section 4.55(1A) Modification to Dongwha Sawmill, Bombala (SSD07 0161 MOD 3)

Thank you for the opportunity to comment on the above mentioned application. In response Council has considered your request and raises no objection to the proposed modification of the boiler system for the Dongwha Sawmill Development subject to the following matters being assessed;

1. The 15MW wood-fired biomass boiler as proposed meets all environmental standards including but not limited to air, noise and water impacts and the operation of the proposed boiler is in accordance with any such standard.
2. All adjoining land owners are duly notified of the proposed modification and any objections/submissions are taken into consideration and addressed as part of the assessment of the application.

Should you have any queries regarding this application please contact Council's Development Department on (02) 6451 1550.

Yours faithfully

Sophie Ballinger
Manager Development
